GIVE BACK THIS HOLIDAY SEASON

Looking for a meaningful way to give back during the holiday season? United Way offers a variety of festive volunteer projects that can be completed right where you work. Perfect for holiday gatherings, staff celebrations, team meetings, or seasonal team-building events, these hands-on projects make it easy to spread joy and support local families and individuals during a time of greatest need.

Choose your holiday project, and we'll take care of the rest. We provide a full-service experience, including project materials, event facilitation, information about the impact of your support, and coordination to ensure every item reaches the people who need it most. Together, we can make the holidays brighter for our community.

The below options are ideal for 15-40 volunteers depending on your choice.

Wrap Up the Holidays with Joy: Share the magic of the season by wrapping gifts for local children. UWCM provides the toys and gifts, and volunteers help transform them into holiday surprises for children in our community schools and Neighborhood Zones.

- Cost: $3,000 for 50 gifts ; $4000 for 75 gifts; $5000 for 100 gifts

*Want to do your own shopping or have your employees bring their own gifts? We'll provide everything needed except the toys, including wrapping paper, scissors, tape, and gift labels. We'll also share more about the families being served, coordinate delivery to the appropriate recipients, and help bring a little extra holiday cheer. Cost: $2,000 for 100 toys

Winter Warmth Kits: Help support those experiencing homelessness by packing kits with necessities to help keep warm when temperatures drop. Cost: $2,000 for 200 kits

Holiday Heroes Appreciation Project: Show support for veterans, teachers, or first responders in our Neighborhood Zones by packing small gift bags that show our appreciation for the work they do for our communities. Cost: $4,000 for 140 kits

Flu Season Kit: Flu and cold season hits communities hard, but it hits especially hard for families with young children and immuno-compromised adults. Help us relieve their worries by packing kits with free cold/flu tests and items to help hygiene and comfort while sick. Cost: $5,000 for 90 Kits

Second Semester Success Kit: While back to school season may have seemed to come and go, many students need extra school supplies as they head into their second semesters. Help provide them with a 'reset' by packing pencil pouches with school supplies that many students consistently run out of. Cost: $2,000 for 100 kits
