VOLUNTEER TO GO!

Want to help others but don't have a lot of time? United Way offers a variety of volunteer projects that can be done right where you live and work. Great for staff retreats, training sessions, or team building, these high-impact projects are quick and easy– but leave a lasting impact.

Choose your project, and we'll take care of the rest. We'll provide a full-service experience, deliver materials, provide staff to facilitate the event, offer information about our programs, and ensure your packing is sent to the proper recipients.
